Lafayette, IN
Tippecanoe County

ag.purdue.edu/fnr/Extension/Pages/

PURDUE | **LOCAL FACES**
EXTENSION | COUNTLESS CONNECTIONS

Natural resource management for small acreage and rural estates.

About the Program

Do you enjoy nature? Do you want to develop or enhance wildlife habitat on your property? Do you own 10 or fewer acres? If the answer to one or more of these questions is “yes” then this program is for you. Purdue University Extension is excited to bring this program to our area. You will learn about techniques, practices and assistance for developing and enhancing forests, landscapes, ponds and other natural resources on your land.

Classroom sessions will take place at the Purdue Extension office in Tippecanoe County. Refreshments and snacks will be served each session. A field tour of a local property will be conducted on Saturday, March 29th (8:30 to 11:00 am). The Pond session is optional. If at least XX people are interested (have ponds or are interested in building ponds), it will be conducted on April 3 at our normal time and location.
